

NHBC Volunteers Support Action4Youth to Get Ready for National Citizen Service (NCS) Programme

In June, we were incredibly lucky to have volunteers from NHBC put up bell tents in preparation for our NCS sessions this summer.

We are always extremely grateful to anyone who supports Action4Youth and helps us support over 6000 young people in Milton Keynes Bucks and the surrounding areas.

We loved having everyone helping us get ready for NCS.

We are always extremely grateful to anyone who supports Action4Youth and helps us support over 6000 young people in Milton Keynes Bucks and the surrounding areas.

NCS is the experience which turns No You Can't into No We Can!

Action4Youth has worked with NCS since 2010, delivering life-changing experience for young people. To date, we have worked with over 4000 young people, helping them to realise their potential and smash their future goals.

Designed for 16-17 year olds, NCS is a youth programme that runs every summer during the school holidays.

The experience is all about emboldening young people, giving them the experience of discovering what life may involve, without all the responsibility. NCS offers a range of experiences for young people that support them to become world-ready and work-ready through growing their confidence, independence, and skills; connecting them.

Do you want to volunteer?

We have a huge range of volunteering opportunities throughout Buckinghamshire from helping prepare young people for working life, to creating new facilities for children with disabilities at Caldecotte Xperience. Corporate volunteering offers your staff a fun and rewarding day which will directly contribute to our work with young people in the community.

Note to Editors

Our NCS programme is running again this summer!
